Fuck Blue Lives Matter. They are the ones enforcing these bullshit mandates. They are losing both sides at this point.

One of the things I agree with the left about:

▼

There are no Blue Lives. It's a profession not a fucking identity.

-2 ▼ People, just for a second consider if you had to lose your job, ousted from your industry, never to work in that area again, by not following a direct command from your superior.

In any other situation you'd be ostracized. And for good reason.

Yes, this is a different situation.

But give these guys some time to decide to give their careers to this. It's HUGE decision. Not easy to make. Would not be for me.

Also, cops DEPEND on the chain of command. They have to TRUST each other in dangerous situations. Defying orders is SERIOUS.

These guys between a rock and a hard place.

Politics from above. Patriotism from below.

They will choose the right side when the time comes. Lockdowns suck. And we're close. But we're not there yet.

1 ▼ In case you haven't noticed, the police have been a problem for at least 20 years. The reality is that they do shitty things and seem to get away with it. They do it to blacks, whites, men and women. Are there good ones? Sure of course. But there has been a problem for a while

10 ▼ They are shutting down small businesses and letting big businesses stay open.

The police are the enforcement arm of the modern day "dekulakization" program the Commies did in Russia to destroy the productive and independent farmers.

▼ All of these mandates are bullshit. Not laws. Just tyrannical over reach by democrat lawbreakers who haven't read the constitution in their lives.

4 Police is something needed ina society. That said, just like many people, it's very easy to just do what you are told. And if evil is in power and are the ones giving the orders it takes a rare person, and therefore a rare officer to fear God more than they fear their rulers. If you want to make reform of the police, we need to legalize God.

2 Thats the very reason cops are needed cause whats dumb to one person may not be dumb to you. We need some definitive moral guidance to go by. Bible.

Fuck this bullshit. If you are a cop and you know what you're doing is wrong, then it's within you to help put a stop to it and tell your chief, captain, mayor to go fuck themselves. You want to suck the nuts of cops shutting down peoples lively hood because they themselves have mortgages to pay, then have at it, cuck.

They are only enforcing what they are being told. Attack the governors, and others in charge. You can't just expect these people to disobey orders when they have families to support.

Cops are not LAW enforcement. They're CODE enforcement. Big difference. Cops work for cities and municipalities as beadles. i.e. watchmen. Sheriff's departments are the only Constitutional law enforcement.
